SMALLPOX SITUATION WILL BE HANDLED AT AUGUSTA

Mason County Health Officer Reports That It Will Not Be Necessary For This County to Take Any Steps at Present.

Dr. Rice, Mason County Health Officer, returned Thursday from Augusta where he had spent the day investigating the smallpox situation in that town and reports that the local and state boards of health now have the situation well in hand and that he does not think it necessary for Mason county to take any action at present to prevent the spread of the disease in this county.

Dr. Rice says that the smallpox is in a very mild form and that all of the cases are being quarantined. Dr. Furnish, of Covington, is on hand to handle the situation for the State Board of Health and he informed Dr. Rice that he would handle the situation from that end of the line and if it became necessary he would place a quarantine on the entire town of Augusta making it unnecessary for the other towns and cities nearby to take any quarantine action. Upon this information Dr. Rice is letting the matter rest and does not see it necessary to take any action just at this time.

THE LITTLE BRICK CHURCH

The church will be open Sunday to all comers. Those who wish to enjoy the Missionary service must come at 10:30, better come at 9:30 and get all the good things. You need to see our Sunday School at work, see the enthusiasm manifested. It will enthrall you. On account of the baccalaureate sermon at the High School building there will be no service Sunday night.

A contest of attendance is on by this brotherhood with the Men's Class of the Third Street M. E. Church. We wish every member of the Brotherhood to be present Sunday morning at 9:30 and to bring some one with him.

PROGRAMS MUCH ENJOYED

The program rendered at the First District School Thursday evening was greatly enjoyed by a good sized audience. The Parent-Teachers' Association of this school always does things properly. They have one of the strongest supporting organizations in the city. The exhibit of the children's work was quite interesting.

Col. J. W. Bowman, of Bowman Springs, was in Maysville today on business and shaking hands with his many friends.

TAX ASSESSMENT FOR MASON COUNTY APPROVED BY BOARD

Assessment As Returned By County Board of Supervisors Is Approved By State Tax Commission.

The Kentucky State Tax Commission on Thursday approved the tax assessment as returned by the Mason County Board of Tax Supervisors and certified it to State Auditor Green. The recapitulation shows that the total amount of taxes due the state of Kentucky from Mason county is \$84,784.25 while there is a total of \$18,918.723 subject to county taxation.

The Mason County Commissioners have not as yet fixed the tax levy for the fiscal year. This was to have been done several days ago but the commissioners are holding up this action until after the road tax election on Saturday, June 14, so as to tell about what will be needed for road work for the ensuing year.

It will be remembered that the State Tax Commission at first requested a great increase in the assessment in Mason county and that one board of supervisors resigned rather than to make the increase. The last board appointed, however, made an increase of about 8 per cent. over last year and it is quite a relief to know that the state Commission has accepted these figures and has approved them to the auditor.

The recapitulation as approved by the State Auditor for this county by the State Tax Commission follows:

Total Assessed Value of Live Stock	\$1,105,610
Less Exemption from Live Stock	188,534
Live Stock subject to State Tax	917,076
All Other Property Assessed	20,966,793
Total Assessment of said county	21,883,869
Total Taxes due the state	\$4,784.25
Intangible Personal Property	2,407,670
Agriculture Implements	148,274
Manufacturing Machinery	249,377
Raw Material at Plant	159,825
Total exempted	2,965,149
Total amount subject to County Tax	18,918,723

If you want non-fading porch shades, easily adjusted, perfectly ventilated, made of heavy slats closely joined with heavy cord, see Vendors at HUNT'S.

AUGUSTA EDITOR IS QUARANTINED

Editor Thompson, of the Augusta Chronicle, is quarantined at his home in Augusta, his son having a slight case of smallpox. Despite his being quarantined he issued a live paper this week. The Chronicle is one of our best exchanges and we hope Brother Thompson's family will soon be all right again.

BODY OF EXECUTED MAN TO BE BROUGHT HERE

Lewis Harris Paid In Electric Chair This Morning For Murder—Body to Be Brought Here Tomorrow.

Lewis Harris, Mason county negro man, convicted several months ago by a Mason County Jury on a charge of murder in the first degree, was electrocuted at the State Penitentiary at Eddyville this morning before day break. No particulars of the electrocution have been received here. The Mason county officials are expecting an official report from the warden of the State Penitentiary in a few days. No one from Maysville was present at the execution.

The body will arrive here Saturday evening and be taken direct to the Maysville cemetery for burial in a lot provided by his aged mother, who was so loyal to him during the trial of the case.

Harris is the third man to be electrocuted from Mason county in the last twenty-five years—the other two being the Smith brothers—and much interest was taken in the case here.

NO BOY SCOUT DRIVE IN MASON COUNTY

Mr. James B. Wood, who is chairman for Mason county in the Boy Scout Associate Membership drive which begins in the state of Kentucky tomorrow, today stated that after considering the matter he had reached the conclusion that a drive for financial support in Mason county at this time would not be proper because the Mason county people do not thoroughly understand the scout movement and because of the many calls for financial assistance coming just at this time here. Mr. Wood hopes to have the Boy Scout movement in Mason county in splendid condition for such a drive later.

All suits, none reserved now sell at 25 per cent. reduction. HUNT'S.

OLD BLUE LICK VEIN STRUCK NEAR MYERS

Famous Water Which Has Been Lost For Years Is Found While Sinking Oil Well Near Myers Station.

Word was brought to Maysville this afternoon that the famous old Blue Lick vein which has been lost for many years was accidentally found a few days ago near Myers station when drilling for oil. It is understood that the vein struck is a very strong one and that the water is pouring forth in a large stream. Folks who have greatly enjoyed the famous water will be glad to know of this discovery. Plans are already under way to bottle water and many folks throughout this section of the state are now hauling it away.

It will be remembered that several years ago the vein at the famous old Blue Lick Springs sank into the ground mysteriously and could not be found again. Hundreds of dollars were spent by the owners of the property to find the vein again and some ten or fifteen holes were bored into the ground but all failed to find the lost water.

Blue Lick water was for years among the most popular of mineral waters in the United States and there is every reason to believe that it will take its old place in a short time.

Voiles in prodigious variety. Exquisite pattern assortment and solid colors, 35c to \$1.50 yard. HUNT'S.

PLANS ARE GOING FORWARD FOR OLD SETTLERS' REUNION

Old Settlers Reunion at Ruggles Camp Grounds Will Be Great Big Event.

The Hon. B. C. Grigsby, President of the Old Settlers' Association of Mason, Lewis and Fleming counties, is busily engaged these days in preparing the greatest program ever given by its forthcoming celebration at Ruggles Campgrounds on the Fourth of July. There will be at least two distinguished speakers—men who have seen service overseas. The German town band is to furnish music, and there will be a sort of community singing of the songs made famous by the war. It is planned to make it a royal welcome for the soldier boys.

A big country dinner is to be served to all soldiers who attend in uniform, free. Besides each soldier is to be permitted to bring his wife, mother, sister, or sweetheart, as the case may be. Soldiers will not be charged the usual admission fee at the gate.

President Grigsby is enthusiastic over the outlook for a glorious day. This annual reunion of the old settlers always draws an immense crowd. Last year many of the boys were away. This year it will be a happy reunion of all.

Extra values in black, white and colored, full fashioned silk stockings, \$1.50. HUNT'S.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

I WON'T WORK

Once again the anarchy which is penned up in the breasts of the dissatisfied has broken forth and, as in many instances, it is this time demonstrated in the throwing of explosive bombs. The various attempts at murder in several of our large cities Monday midnight and early Tuesday morning are among the worst of recent outrages in our fair country.

Uncle Sam has assigned his best sleuths to the job of hunting down these vile culprits and bringing them to trail. All law abiding citizens are hoping that the officials shall be able to uncover them in their hiding places and bring them to a speedy trial that shall result in their receiving a punishment that shall not only compensate in a measure for their crime but that shall demonstrate to all of their kind that the United States is not a healthful climate for their breed of anarchists.

We need more Ole Hansons in the United States and if we had them we would have fewer I Won't Works and other similar clausmen. As a general thing these socialistic agitators of the extremist type are foreigners as Leon Trotsky, of Russia. The United States, it is true, is the world's great melting pot but if the material which come into the melting pot will not melt into the whole, it should be thrown off as dross.

HE CRIBBED 'EM

To a correspondent writing to the Fort Wayne News to ask why it omitted mention of Ireland in its review of the failure of President Wilson's fourteen points, the News replies that "if the truth must be told it was principally for the reason that President Wilson made no mention of Ireland in his fourteen points. He knew mighty well that England was averse to Irish freedom, so he carefully avoided any reference to Ireland's cause. To be sure, Ireland might be said to be included in the clause concerning 'self-determination', but not being specifically named it is easily forgotten by our beloved chief executive." It was just another instance of what Theodore Roosevelt characterized as "weasel words." Any meaning could be sneaked into them or out of them. It is probable that another reason for omitting specific mention of Ireland in the Fourteen Points was that the said 14 points were quite apparently plagiarized from Lloyd George, as Col. George Harvey has on more than one occasion indicated. The program given out by Mr. Wilson in January, 1918, was almost topic for that given by George to the House of Commons some weeks before.

Prof. Hopkins, of the Sardis School, and his teachers displayed a splendid spirit when they continued school without extra expense to the county or to the patrons to make up for time lost in the influenza epidemic. Their action is indeed commendable. Sardis folks think they have a rare corps of teachers and we think they are right and congratulate them.

A picture of "Dong" Fairbanks in bathing, on Barbour Russell's large bill board opposite the Ledger office, has been a great source of relief during this warm spell and has been a great temptation to try the water on the North Shore Beach.

That every one will agree that we have had about enough less Sundays in Maysville. The season of the year is here when the people must have ice on Sunday.

THE NEW INQUISITION

(New York Times)

Representative Volstead's prohibition enforcement bill might have been entitled "An Act to Promote Breaches of the Peace." It was prepared, we are told, "with the assistance of counsel for the Anti-Saloon League," as might have been inferred from the provision for a Prohibition Commissioner in the Treasury Department, who "may appoint such assistants or agents as he may deem necessary." The brethren will find their occupation gone in a few months; at least they may find a good many contributors who will be unable to see the need of an Anti-Saloon League when there are no longer any saloons, and who may, perhaps, be unwilling to part with their money to extend the blessings of prohibition to Paraguay and Cambodia. So, as a matter of insurance against the evil day, we have a bill drawn to put the staff of the Anti-Saloon League on the Federal pay roll.

By the terms of this tolerant measure it shall be unlawful to "manufacture, sell, barrel, give away, transport, export, deliver, furnish, receive, possess or use" anything with more than one half of 1 per cent of alcohol; "and all the provisions of this act shall be liberally construed." Well, there are various definitions of "liberal," a good many people last year held

WOMEN FROM NORTH, SOUTH, EAST, WEST

Recommend Lydia E. Pinkham's Vegetable Compound as a Reliable Remedy for Women's Ills.

Spokane, Wash.—"I want to recommend Lydia E. Pinkham's Vegetable Compound for women's ailments as it helped me so much during middle age."—Mrs. MARTHA CONNOR, 1027 Mainfield Avenue.

Arlene, Texas.—"For almost a year I was unfit to do my work as I suffered so from female ills. Lydia E. Pinkham's Vegetable Compound restored my health after physicians had failed."—Mrs. E. E. OWENS.

Rockville, Conn.—"I suffered so long from female ills I was blue and melancholy. Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed."—MARY WIRZ, 3 Chamberlain St.

Oakland, Cal.—"Lydia E. Pinkham's Vegetable Compound gave me such relief during Change of Life, I wish every woman could know about it. I sincerely praise this great remedy for women's ills."—Mrs. MARY S. ASHLEY, 5709 Dover Street.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old-fashioned roots and herbs, which act directly on the female organism.

that the only liberals were those who supported the Kaiser and the Junkers against the democratic world; a liberal construction of this act evidently means an illiberal construction. If it is passed, we shall see all the agents of the Anti-Saloon League clothed with powers to invade every home and to hale before the Courts any one guilty of possessing or using whisky, wine, beer or anything else in any degree alcoholic.

This is what the triumphant leaders of the dregs called, when their victory was still fresh, "an adequate search and seizure provision." Since then some Laodiceans among them, including our own Mr. Anderson, have weakened, and suggested that perhaps the homes of citizens might be invaded after all; but it appears that the upper hand has been gained by the faction which believes in taking all that the traffic will bear. To be sure, there is some doubt as to how much the American people will stand; the eighteenth amendment prohibits the manufacture, sale or transportation of liquor after January 16 next, but it does not prohibit the ownership or use of what may have been manufactured, bought and transported before that date. If there is anything in the constitution authorizing this search and seizure by Federal officials it is more likely to be found in the constitution of the Anti-Saloon League than in that of the United States. But what is the constitution among drys—always excepting the eighteenth amendment, which it is treasonable to try to repeal?

Election Notice

Pursuant to an order of the Mason Fiscal Court, a special election will be held in Mason County, Kentucky, on SATURDAY, JUNE 14, 1919, between the hours of six a. m. and four p. m., at which election there will be submitted to the voters of Mason County the following question:

"ARE YOU FOR A PROPERTY TAX OF TWENTY CENTS ON EACH \$100 WORTH OF PROPERTY IN THE COUNTY TO BE LEVIED EACH YEAR FOR THREE YEARS FOR THE PURPOSE OF IMPROVING OR CONSTRUCTING, EITHER OR BOTH, THE ROADS AND BRIDGES OF MASON COUNTY?"

Voting booths will be opened in the various precincts of the county on said day.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot...I told my husband if he would get me a bottle of Cardui I would try it...I commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

MISS LAURA CLAY LEAVES THE SUFFRAGE FORCES

Pioneer Kentucky Suffragist Says Amendment Interferes With State's Rights.

Declaring that the Susan B. Anthony suffrage amendment passed by the United States Senate Wednesday violates the principle of state rights by its enforcement clause, similar to that of the fifteenth amendment, and that similar historical results may be expected, Miss Laura Clay, pioneer woman suffragist in the South and former president of the Kentucky Equal Rights Association, withdrew from that organization Thursday morning. The fact that the executive boards of both the state and national associations have agreed to give all their energies to obtaining the ratification of the national amendment and that the Kentucky board has declined to ask the Legislature for a state amendment led her to withdraw, as she felt her continued membership would be inconsistent, as she had always been a strong advocate of state's rights, Miss Clay said Thursday.

In an address to the Lexington W. C. T. U. Thursday afternoon, Miss Clay explained her belief that the amendment violates the right of states to control elections and reviewed the trouble caused by the fifteenth amendment with its enforcing clause, which caused the control of state elections to pass to the dominating party in Congress. She also pointed out the danger of Japanese propaganda and diplomacy for racial equality, which she said might form an inducement for the violation of state's rights to control elections and lead to federal control.

SCHOOL OFFICIALS AND CITY OFFICERS CONFER

Members of the Finance Committee of the City Board of Education and members of the Ways and Means committee of City Council held a joint meeting at the Mayor's office this morning when the shortage in the city's assessment was discussed. It was learned that if it became necessary the matter of voting an extra 15 cent tax for school purposes could be put before the voters of the city. It is understood that in going over the books several errors were uncovered this morning.

WILL INSPECT ROUTE OF RECRUITING PLANE

Landing Place Will Be Chosen by Officer Detailed on Special Day.

To inspect a landing place at Maysville, Lieutenant R. J. McMurray, A. S. A., of Camp Knox, who will fly the recruiting airplane for the Lexington army recruiting office, will be detailed for duty at Lexington and sent to this city for his inspection of the field.

Aviators who are to fly the airplanes are to be used in this district for recruiting, objected to landing on a field with which they were not familiar, and Col. H. H. Pfeil, head of the army recruiting for the district including Kentucky, asked the commanding officer at Camp Taylor to detail one of the flyers to the Lexington office for the inspection. This is the first instance of an airplane being used for the purpose of recruiting and it is desired that the plan be most successful. An officer from the Lexington office will be picked up by the plane and brought to Maysville next Thursday where plane and officer will canvass the district for recruits.

GOOD ROADS MEETING MOVED UP TO SATURDAY

State Commissioner of Public Roads Speaks in Maysville on Saturday Afternoon Instead of Sunday—Good Program Arranged.

The opening gun in the intensive campaign for the twenty-cent road tax will be fired Saturday afternoon at the Washington Theater instead of Sunday afternoon as previously announced. This change is made because those heading the campaign are of the opinion that more farmers can be induced to come to Maysville on Saturday than on Sunday.

The program as announced for Sunday afternoon will be carried out on Saturday afternoon. The chief address on the program will be by Hon. Rodman Wiley, State Road Commissioner. County Judge Purnell yesterday was in telephone communication with Mr. Wiley and he consented to come to Maysville on Saturday instead of Sunday.

The Boys' Band Concert will be held on Saturday afternoon as a prelude to the meeting and several vocal selections will be given. There is every reason why those interested in good roads in Mason county should be present and it is expected that there will be a good sized audience on hand. The meeting is absolutely free and it will be worth the time of any one to attend.

PICTURE OF LOCAL PASTORS WIFE INVEILED AT STANFORD

The Stanford Interior Journal this week carries quite an extensive story on an unveiling service held on last Sunday evening at the Stanford Methodist church when a portrait of Mrs. J. J. Dickey, late wife of Dr. J. J. Dickey, of this city, was unveiled. Mrs. Dickey founded the Woman's Club in Stanford and was a leader in all civic movements. All of the churches of Stanford adjourned to attend this great mass meeting. The portrait was presented to the Stanford Women's Club by Dr. J. J. Dickey and will be hung on the walls of their room in the Court House.

DAY'S DRIVE FOR COUNTY MEMBERS PROVES SUCCESS

One Hundred and Twenty-Five Rural Members to the Chamber of Commerce Obtained in One Day's Campaign Through County.

The drive for rural members to the Maysville Chamber of Commerce on Thursday proved quite a success according to the reports given by the various team captains and their team mates at a luncheon given on Thursday evening at the Chamber of Commerce building. The drive netted the organization one hundred and twenty-five rural members and all who had part in the campaign were very much pleased with the manner in which they were received by the farmers and the manner in which the farmers responded to the advantages offered.

The various teams scored at the close of the day as follows:

Captains	Members
Alfred Peed	25
M. C. Kirk	20
A. L. Glascock	14
Clint Calvert	13
H. J. Cochran	12
George Dodson	11
George H. Frank	11
A. L. Metz	11
H. P. Purnell	8

The luncheon at the close of the day was a very interesting affair in many respects. The reports were very encouraging and the talks by the various members were quite enthusiastic. Many ways in which the Chamber of Commerce could be of more service to the farmers of the county were suggested. The chief manner of service seemed to be the furnishing of daily telegraphic reports on the stock markets to be received each day and posted on a bulletin board at the Chamber of Commerce building and the stock quotations on any kind of stock could be furnished to any farmers or dealer who would telephone the office for the information. This suggestion met with the approval of most every one present and it is more than likely that the suggested plan will be adopted in the near future.

Interesting and enthusiastic addresses were made by Mayor Thomas M. Russell and County and City Health Officer Rice. The former not only praised Maysville as a city man's town but also as the town which belonged to the farmers and traders of Maysville and Mason county. One happy suggestion of the Mayor was the erection of a Chamber of Commerce community building on the corner of Second and Market streets at some future date for the use of the people of Maysville and Mason county in various ways.

Dr. Rice spoke very encouragingly of the health conditions in Mason county having just returned from a trip overland to Augusta and return where he investigated the smallpox situation.

Taken in all the meeting was quite a success in every respect and the day was a signal success for the Chamber of Commerce.

FOURTH OF JULY PLOT HAS BEEN UNCOVERED

Precautions Taken By Government Officials Against Holiday Outbreak in Large Cities.

Washington, June 6.—The word is being passed through "red" circles for a demonstration on July 4, government officials here have been informed. It was learned today.

According to these reports, the May Day outbreaks, the June 2 bomb outrages and the July 4 plot constitute a progressive series of demonstrations against the government.

As a result every precautionary measure is being taken by officials to thwart the Reds insofar as existing laws permit.

Congress is preparing legislation to further the government's campaign against the government.

Officials who are working on the bomb plot against A. Mitchell Palmer, attorney general, hinted at possibility of interesting developments in the case in New York and Philadelphia within 24 hours.

YOUNG MAN ESCAPES FROM OFFICERS

Corporal James McGowan, who for several months or since his return from overseas where he was in the service for several months, has been employed at the New Way Dry Cleaning establishment, is alleged to have insulted some young ladies at the C. & O. station here last night and Officer William Tolle and Detective Thomas Stewart attempted to place him under arrest. Young McGowan made his escape from the officers, however, and is still at large.

Some men manage to talk a great deal without saying anything.

KENTUCKY WOMEN FEEL CERTAIN ON RATIFICATION

Kentucky Legislature Will Ratify Bill in Ten Days After Meeting, One Woman Says.

Frankfort, Ky., June 6, 1919.—Frieda of woman suffrage were jubilant at the State Capital today over the passage of the Susan B. Anthony Amendment.

Governor Black, when asked for an expression of his opinion said: "I am not in the least surprised at the passage of the measure. I have been a life long friend to woman suffrage, and it is a source of deep gratification to me that the cause has triumphed. Whether or not I am elected to the office of Governor, I shall do all in my power to aid in the ratification of the Susan B. Anthony Amendment."

Telegrams of congratulations from all over Kentucky and from Congressional friends in Washington have poured in today to suffrage leaders here who are already planning the first steps in the ratification campaign. "It has taken half a century to pass the Federal Amendment," said one, "but the Kentucky Legislature of 1920 will ratify the Amendment within ten days after it convenes."

KENTUCKY MUST COUNTERACT THIS NEW OHIO LAW

Representative Gordon's Shanty Boat Law Will Send All River Rats To Kentucky Shores.

After July 5th a new obligation will fall upon the sheriff of each county in Ohio having navigable streams, that being the date when they must commence making a survey of boats found thereon to see whether they have taken out proper license. This law calls for license from all boats not propelled by steam to be thus registered. The sheriff must make this survey every sixty days, and Representative Gordon of our neighboring county of Brown, the author of the bill, says it will be the means of ridding the people along the Ohio river of a nuisance which has long afflicted them. The bill was brought for enactment by their request, and is so shaped. Where the owners are found to have supplied themselves properly, they are to be reported to the prosecutor, who is to proceed with prosecution. Kentucky has long had a similar law which has never been strictly enforced but which will now have to be brought into use as a matter of self-defense.

SURVEY OF RIVER ROAD IN OHIO HAS BEEN ORDERED

Brown County Commissioners Order Investigation Into Improvement of Ripley-Aberdeen Road.

The Georgetown News-Democrat says: Another hearing was held before the County Commissioners, Tuesday afternoon upon the proposed improvement of the roadway leading down the Ohio river from Aberdeen to a junction of the Ripley pike, a distance of near five miles. The Commissioners were recently petitioned by the people living along the route to improve this section under what is commonly called the one-mile-assessment plan. Many residents living along the pike already built to the north contend that they will not be benefited by this highway, hence object to the assessment being made upon them.

Those asking the construction of the highway were represented by Attorney Rollo Young, of Ripley, while those contesting the grant were represented by Attorney Charles Linn, of Ripley. After hearing their statements the Commissioners decided to order a survey and estimates made to be reported later.

KENTUCKY STATE GUARD MAY BE REORGANIZED

Steps Will Be Taken To Secure Federal Aid In Movement.

Frankfort, Ky., June 6.—In order to take advantage of the Federal appropriation for the re-organization of the Kentucky National Guard, Governor James D. Black has taken the matter up with Adjutant General James Tandy Ellis and steps will be taken to secure the federal aid before June 30, at which time the appropriation will cease to be available.

When the members of the Kentucky National Guard were mustered into federal service August 5, 1917, the duties of the National Guard developed upon the Home Guard. If the National Guard is reorganized, members of the Home Guard desiring to withdraw from service, may receive discharges.

If Kentucky takes advantage of the federal appropriation approximately \$72,000 will be available for the reorganization of the Kentucky National Guard.
